# Deconstructing a Sample Chase Bank Statement: What You'll Find

Let's imagine we have a typical Chase bank statement in front of us. We'll break it down section by section, using hypothetical examples to make it crystal clear.

## 1. Account Information Header

This is the top section, usually found on every page of your statement. \* \*\*Your Name and Address:\*\* The personal information used to identify you as the account holder. \* \*\*Account Type:\*\* This will clearly state whether it's a checking account, savings account, credit card account, or another type of Chase product. For this discussion, we'll focus on a \* \*\*sample Chase checking account statement\*\* . \* \*\*Account Number:\*\* A crucial piece of information, though often partially masked for security on printed statements. You'll see something like `XXXX-XXXX-1234` . \* \*\*Statement Period:\*\* This defines the timeframe covered by the statement, typically a calendar month (e.g., "Statement Period: October 1, 2023 - October 31, 2023"). This is vital for understanding when transactions occurred. \* \*\*Chase Logo and Contact Information:\*\* You'll see the familiar Chase branding and often a customer service phone number or website for inquiries.

## 2. Account Summary

This is a high-level overview of your account's financial status for the statement period. \* \*\*Beginning Balance:\*\* This is the amount of money in your account at the very start of the statement period. If your statement runs from October 1st to October 31st, the beginning balance is the balance as of October 1st. \* \*\*Total Deposits/Credits:\*\* This sums up all the money that went \*into\* your account during the statement period. This includes direct

deposits, checks you deposited, transfers from other accounts, and any interest earned. \* **Total Withdrawals/Debits:** This aggregates all the money that came *out* of your account. This includes checks you wrote, debit card purchases, ATM withdrawals, bill payments, and fees. \* **Ending Balance:** This is the final amount of money in your account at the close of the statement period (e.g., as of October 31st). This is calculated as:  $\text{Beginning Balance} + \text{Total Deposits} - \text{Total Withdrawals} = \text{Ending Balance}$ . This is often the most looked-at figure!

**3. Transaction Details: The Heart of Your Statement** \* This is where the real action is! You'll see a chronological list of every single transaction that occurred within the statement period. Each transaction will have several key pieces of information: \* **Date:** The date the transaction was *posted* to your account. It's important to note that the *transaction date* (when you made the purchase or deposit) might be different from the *posting date*. For accuracy, always refer to the posting date on your statement. \* **Description:** This is the narrative for the transaction. It tells you what the transaction was. Examples include: \* **Deposits:** "Direct Deposit - Employer Name," "Mobile Check Deposit," "Transfer from Savings." \* **Withdrawals:** "ATM Withdrawal - Location," "Debit Purchase - Merchant Name," "Bill Pay - Payee Name," "ATM Fee." \* **Internal Transfers:** "Transfer to Savings Account," "Transfer from Checking Account." \* **Fees:** "Monthly Service Fee," "Overdraft Fee," "ATM Fee." \* **Amount:** This indicates the value of the transaction. \* **Credits (Deposits):** Will be listed as a positive number or sometimes with a leading plus sign (+). \* **Debits (Withdrawals/Payments):** Will be listed as a negative number or in parentheses `()`, or sometimes

with a leading minus sign (-). Let's look at some **\*\*sample transaction entries\*\*** you might find on a Chase checking statement:

| Date       | Description                        | Amount      |
|------------|------------------------------------|-------------|
| 10/02/2023 | Direct Deposit - ABC Company       | +\$1,500.00 |
| 10/03/2023 | Debit Purchase - AMAZON.COM        | -\$75.50    |
| 10/05/2023 | Mobile Check Deposit - Check #1234 | +\$250.00   |
| 10/07/2023 | ATM Withdrawal - 123 MAIN ST ATM   | -\$100.00   |
| 10/10/2023 | Bill Pay - ELECTRIC UTILITY        | -\$85.75    |
| 10/15/2023 | Debit Purchase - GROCERY STORE     | -\$120.20   |
| 10/20/2023 | Transfer to Savings Account        | -\$300.00   |
| 10/25/2023 | Monthly Service Fee                | -\$12.00    |
| 10/28/2023 | Debit Purchase - COFFEE SHOP       | -\$4.50     |

**\*\*Key things to look for in transaction details:\*\***

- Merchant Accuracy:** Does the merchant name look familiar? Sometimes abbreviations or cryptic codes can appear. A quick online search can often clarify them.
- Transaction Amounts:** Are the amounts correct for your purchases or deposits?
- Unusual Activity:** Are there any transactions you don't recognize at all? This is your biggest red flag for potential fraud.

#### 4. Interest Information (for Savings Accounts)

If you have a Chase savings account statement, you'll find a dedicated section for interest earned.

- Interest Rate:** The annual percentage yield (APY) applied to your balance.
- Interest Earned:** The actual dollar amount of interest credited to your account for the statement period.
- Calculation Method:** Sometimes, Chase will provide details on how interest is calculated.

#### 5. Fees and Service Charges

**Banks sometimes charge fees for various services. This section will clearly list any fees applied to your account. Common fees include:**

- \*\*\*Monthly Service Fees:\*\*** These are common for checking accounts if you don't meet certain requirements (like maintaining a minimum balance or having direct deposits).
- \*\*\*ATM Fees:\*\*** Fees for using ATMs outside of the Chase network.
- \*\*\*Overdraft Fees:\*\*** Charged when you spend more money than you have available in your account.
- \*\*\*Wire Transfer Fees:\*\*** For sending or receiving wire transfers.
- \*\*\*Foreign Transaction Fees:\*\*** For purchases made in a foreign currency.

Understanding these fees is crucial for minimizing them. Often, you can avoid monthly service fees by meeting specific criteria.

## **6. Important Notices and Disclosures**

This section typically contains legal information, updates to account terms and conditions, and important messages from Chase. It's often the most overlooked part, but it's wise to at least skim it for any significant changes that might affect your account.

## **Tips for Reviewing Your Chase Bank Statement Effectively**

Now that you know what to look for, here are some practical tips for making the most of your statement review: \*

- \*\*Schedule Regular Reviews:\*\*** Don't wait until you need your statement for a specific purpose. Set aside time each month, perhaps when your new statement arrives, to go through it thoroughly.
- \*\*\*Use Online Banking Features:\*\*** Chase's

online banking and mobile app are powerful tools. You can often access recent transactions instantly, set up alerts for large withdrawals or low balances, and even search your transaction history. \* **Keep Old Statements:** While digital access is convenient, it's a good idea to keep physical or saved digital copies of your statements for at least a few years. This is important for tax purposes, loan applications, and resolving any historical disputes. \* **Reconcile Your Account:** This is a more advanced, but highly recommended, practice. Reconciling involves comparing your bank statement to your own personal records (like a check register or budgeting app) to ensure everything matches. \* **Know Your Usual Spending Habits:** The better you understand your typical spending patterns, the easier it will be to spot unusual activity. \* **Don't Hesitate to Contact Chase:** If you see something you don't understand or believe is an error, contact Chase customer service immediately. The sooner you report an issue, the better. \* **Understand Posting Dates vs. Transaction Dates:** Remember that the date on your statement is the *posting date*, not necessarily the date you made the purchase. This can affect how you reconcile your accounts.
